

wind: powering a cleaner, stronger america

ADDENDUM TO THE 2008 AMERICAN WIND ENERGY ASSOCIATION CALENDAR

This addendum provides additional information for the project featured both on the cover and month of August pages of the 2008 American Wind Energy Association (AWEA) calendar.

MONTH: August

PROJECT: MN Windshare

LOCATION: Murray County,
Minnesota

GENERATING CAPACITY: 5.4 MW

DEVELOPER: Project Resources Corporation

OWNER:

Rock Ridge Power Partners LLC
South Ridge Power Partners LLC
Windvest Power Partners LLC

Note: The developer, Project Resources Corp., develops wind power plants primarily in the Midwest and is pioneering an innovative development model, the Minnesota Windshare program. Minnesota Windshare provides opportunities for local landowners and small businesses, with the goal of expanding the community wind industry.

***AWEA** is the national trade association of the U.S. wind energy industry. The association's membership includes global leaders in wind power development, wind turbine manufacturing, and energy, as well as a broad range of component and service suppliers. More information on wind energy is available at the AWEA web site: www.awea.org.*
